

## Product technical sheet

# ARENA 242213-008

### Product data

Length	2495 cm
Width	1650 cm
Total height	505 cm
Age group	3+ years
In accordance with norm EN	15312:2007+A1:2010
Weight of the heaviest part	45 kg
Dimensions of the largest part	564 cm
Availability of spare parts	YES

Data is subject to change without prior notice.

### Material specification

- Hot-dip galvanized steel structure with a 80 x 80 mm profile,
- Panels and wickets or entrances made of hot-dip galvanized steel and / or made of HDPE boards, resistant to weather conditions,
- The goal made of hot-dip galvanized steel and HDPE board, resistant to weather conditions,
- Mini goal made of hot-dip galvanized steel,
- Baskets made of hot-dip galvanized steel, boards made of HDPE,
- Nets made of polyethylene (PE),
- Stainless steel screws and/or screws covered with plastic caps,
- Safe end caps on top of the structure made of rubber or polypropylene,

### Additional information

- Generally available equipment for practicing many sports; equipment adapted for the disabled;
- an easily visible information board about compliance with the PN-EN 15312+A1:2010 standard should be provided near the device;
- equipment has a certificate issued by an accredited entity or a declaration of conformity;
- no sharp edges or chinks that would pose a danger of jamming the head, fingers or any other body parts;
- anchoring on flat surface, 80/70/60 cm deep;
- render is for reference only, the actual appearance of the equipment and its color may vary;

## Guarantee

**30**

30 year guarantee - Durability of steel and stainless steel structural elements

**15**

15 year guarantee - Durability of steel and stainless steel structures of mobile devices; durability of Robinia wood structural elements

**10**

10 year guarantee - Structural strength of HDPE, 100% recycled HDPE and HPL elements; structural elements made of 100% recycled material (composite)

**5**

5 year guarantee - Corrosion resistance of stainless steel and hot-dip galvanized and powder-coated steel elements, resistance to bark beetles and rotting of wooden structural elements
