

Product technical sheet

ROBINIA RB0941

Product data

Length	20 cm
Width	Ø ~ 12-22 cm
Availability of spare parts	YES

Data is subject to change without prior notice.

Material specification

- Elements made of Robinia - a very durable acacia wood with a varied diameter of ~ 12 - 22 cm, resistant to weather conditions,

Additional information

- small architecture;
- elements are not sanded, may have gaps, sharp edges, uneven color, and other minor imperfections requiring their technical processing;
- the set contains a variable number of pieces of equal length and different diameters sufficient to make 1m² of pavement;
- *also available in lengths: 10 and 15 cm;
- render is for reference only, the actual appearance of the equipment and its color may vary;

1m²

Guarantee

30

30 year guarantee - Durability of steel and stainless steel structural elements

15

15 year guarantee - Durability of steel and stainless steel structures of mobile devices; durability of Robinia wood structural elements

10

10 year guarantee - Structural strength of HDPE, 100% recycled HDPE and HPL elements; structural elements made of 100% recycled material (composite)

5

5 year guarantee - Corrosion resistance of stainless steel and hot-dip galvanized and powder-coated steel elements, resistance to bark beetles and rotting of wooden structural elements
